

Doc. No. TA-11

REMARKS

1. A review of the Amendment faxed yesterday Oct. 11, 2004 revealed errors in the Status identifiers and redundancy. This Amendment is filed to correct those errors.
2. The claims have been rewritten to avoid the indefinite and informal objections, and status identifiers have been provided.
3. Herstein U.S. Patent 4,973,016 does not disclose mounting the light assembly on the ballast 29 with an arcuate vertical plate or on the door jam with an L shaped vertical plate.
4. Metz U.S. Patent 5,709, 458 teaches away from the present invention in mounting a lamp 14 for use in an adjacent vehicle 74, instead of in the vehicle to carry cargo.
5. Neither reference alone or in combination teaches the present invention.
6. Therefore allowance of the application is requested.

Respectfully submitted,

Henry W. Cummings
